

Our annual mungbean day promises to be even bigger and better than in previous years. Researchers from the Queensland Department of Agriculture and Fisheries, as well as partners from the university sector and our local GRDC investment managers will be presenting and available to answer your questions.

**Click to RSVP**

### Program

- Barbeque breakfast at 7.30 am
- Varieties: update from the breeding program
- Crop protection – insects in the field and in storage
- Crop protection – pathology
- Crop management – agronomy and physiology and nutrition
- Crop management – agronomy
- Soil health – rhizobium and nematodes
- Industry update – Paul McIntosh, Pulse Australia
- Marketing and your industry Association – Mark Schmidt, AMA President

### Address

Department of Agriculture and Fisheries  
Hermitage Research Facility, 604 Yangan Road,  
Warwick

### Directions

Travelling into Warwick from Toowoomba (Cunningham Hwy) turn east on to Yangan Road just before crossing the railway line. The Research Facility is approximately 6 km out of town.

### RSVP

Please RSVP for catering purposes to [secretary@mungbean.org.au](mailto:secretary@mungbean.org.au)
